PROFILE

Full Stack Web Developer | 1 Year Experience

Brajesh Kumar Rana is a dedicated full stack web developer with 1 year of hands-on experience in building dynamic, responsive web applications. On the front-end, he is skilled in HTML, CSS, and JavaScript, and proficient with modern frameworks like React and Next.js to create user-friendly interfaces. On the back-end, Brajesh works confidently with Node.js and Express.js, building robust APIs and server-side logic. His experience includes working with MongoDB for efficient, scalable database management. He is a strong team player with proven abilities in teamwork, time management, leadership, and critical thinking, consistently contributing to successful project deliveries within tight deadlines.

WORK EXPERIENCE

◆ Internship Experience

MARCH 2025

1-Month Internship – Web Development Intern at CoinCdx
Worked on live projects and contributed to various aspects of web development during the internship.

- Built reusable UI components using React
- Practiced data fetching and working with REST APIs
- Collaborated with team members using Git and GitHub

◆ Highlights:

- Gained hands-on experience in full-stack development.
